POLICY NUMBER: FP-OPSFIN-105

Local General Ledger to PeopleSoft Reconciliation

This policy includes guidelines for the Local General Ledger to PeopleSoft reconciliation and approval process.

POLICY STATEMENT

The majority of Hilton hotels internationally perform their financial transactions and close their books in local general ledger systems (mainly SUN and Navision). However, their numbers need to be uploaded in PeopleSoft before being sent to PropPlan and consolidated in FCC (Financial Close & Consolidations).

The local general ledger to PeopleSoft process enables year to date results to be uploaded into PeopleSoft.

This policy provides guidance for this process and to reconcile the PeopleSoft trial balance to the local general ledger after the upload.

APPLICABILITY

All Owned & Operated Hotels (including Shared Service Centers supporting these hotels) not using PeopleSoft 9.2 as local general ledger.

EXCLUSIONS/EXCEPTIONS

Properties transacting in PeopleSoft 9.2 as their main general ledger are excluded.

RECONCILIATION COMPLETION AND SUBMISSION GUIDANCE

- 1) The month end must be finalized before submitting the local general ledger data into PeopleSoft. The submission process will vary depending on the local general ledger system.

- Navision

- Sun
- 2) Once submitted, the Finance Leader will receive a notification from PeopleSoft to confirm successful import.
- 3) Subsequently, the Finance Leader will receive the Reconciliation report by email.
- 4) The Finance Leader must review the Reconciliation and ensure all discrepancies are investigated, documented and resolved before month end close. Review is evidenced by the Finance Leader’s dated signature, which may be a wet or electronic signature
- 5) If changes or corrections are required, this must be done in the local general ledger and the entire process must be repeated.
- 6) The final reconciliation file must be submitted to File Exchange by Working Day 4 at the latest and variances must be highlighted to regional offices and the Consolidations Team (please email consolidations@hilton.com).

DEFINITIONS

TERM/ACRONYM	DEFINITION
Finance Leader	Ranking Accounting / Finance representative for the property (i.e., DOF, Controller, or Finance Manager).
