

Policy Statement

Applicability

Exclusions/Exceptions

- A. Petty Cash Restrictions
- B. Petty Cash Disbursement
- C. Petty Cash Reimbursement

Definitions

POLICY NUMBER: FP-OPSFIN-114

Petty Cash

This policy relates to the issuance and control of Petty Cash.

POLICY STATEMENT

Petty cash is a small amount of money available for paying minor expenses without writing a check, processing an electronic payment, etc. Petty Cash must only be used sparingly for immaterial purchases to ensure the hotel continues to operate smoothly.

APPLICABILITY

All Owned & Operated Hotels (including Shared Service Centers supporting these hotels).

EXCLUSIONS/EXCEPTIONS

No exclusions.

A. PETTY CASH RESTRICTIONS

Petty cash should not be used to reimburse the following expenditures:

- 1) Reimbursement of Team Member business travel and expense items should be claimed and reimbursed in accordance with the Business Travel & Expense (T&E) Reimbursement Policy (HWI-HSM-001).
- 2) Payment of salary, tips, and benefits must be processed through payroll and in accordance with local laws.

B. PETTY CASH DISBURSEMENT

- 1) All petty cash disbursements must be supported with a petty cash voucher prepared by the Team Member requesting the funds. All petty cash vouchers are required to be written in ink (this includes electronic format) and dated.
- 2) Petty cash transactions greater than \$100 USD (or a smaller limit as established by the Finance Leader) must be approved **prior to purchase** by the Team Member's Department Head or Manager on Duty (MOD) **and** the Finance Leader. Petty cash transactions less than \$100 USD should still be approved by the Team Member's Department Head or Manager on Duty (MOD) but this may occur after the purchase and does not necessarily need to involve the Finance Leader unless a smaller limit was established. If an emergency situation (i.e., pipes burst, medical emergency, etc.) prevents the Team Member from obtaining appropriate approvals prior to purchase, they must obtain all required approvals as soon as possible.
- 3) At the time of purchase, Team Members are required to obtain an original receipt for all petty cash transactions and the receipt must comply with local tax laws and regulations to ensure appropriate documentation is retained.

C. PETTY CASH REIMBURSEMENT

- 1) Petty cash reimbursements should be handled by the General Cashier (or equivalent), where possible.
- 2) The General Cashier (or equivalent) will ensure that all petty cash vouchers include receipts and the appropriate approvals, as described above, prior to reimbursement of petty cash.
- 3) Once the reimbursement is complete, the General Cashier (or equivalent) must mark the petty cash voucher either "Paid" or "Complete".

- 4) At least monthly, the General Cashier (or equivalent) must complete a petty cash reimbursement summary. This summary should contain the following details:
 - a) Petty cash amount
 - b) Description of the expense item
 - c) Payee (i.e., Team Member requesting reimbursement)
 - d) Date of reimbursement
 - e) General Ledger account & department code
- 5) The monthly summary must be supported with all petty cash vouchers and applicable receipts.
- 6) The General Cashier (or equivalent) must submit the petty cash reimbursement summary to the Finance Leader for review and approval. The Finance Leader must evidence their approval by signing and dating the reimbursement summary.
- 7) Once signed and approved, the reimbursement summary will be submitted to Accounts Payable for processing. A copy of the reimbursement summary should be retained in the General Cashier's main safe (or equivalent) until payment is received.

DEFINITIONS

TERM/ACRONYM	DEFINITION
Finance Leader	Ranking Accounting / Finance representative for the property (i.e., DOF, Controller, or Finance Manager).
Petty Cash	Funds that are utilized to reimburse minor purchases. These purchases are usually urgent in nature and require immediate payment to vendor/supplier.
