

POLICY NUMBER: HWI-LG-002

PUBLIC COMMUNICATIONS, PUBLIC DISCLOSURE AND REGULATION FD POLICY

This Policy summarizes Team Members' responsibilities with respect to communications on behalf of Hilton and educates Team Members of the appropriate actions to take when receiving inquiries regarding both material nonpublic information and publicly available information. The Policy also outlines the process for certain Team Members to act as Authorized Disclosure Spokespersons on behalf of Hilton.

This policy applies to all owned, leased, and/or managed hotels, and all corporate offices, wherever located. "Hilton" refers to Hilton Worldwide Holdings Inc., Hilton Domestic Operating Company Inc., Hilton Worldwide Manage Limited, any other company owned in whole or in part by Hilton Worldwide Holdings Inc., and any Hilton-owned, leased, and/or managed hotel.

POLICY STATEMENT

Hilton Worldwide Holdings Inc. and its subsidiaries (collectively, the “Company”) are committed to compliance with all applicable laws, including Regulation FD (Fair Disclosure) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). To effect such compliance, the Board has adopted this Public Communications, Public Disclosure and Regulation FD Policy (the “Disclosure Policy”).

POLICY SUMMARY

This Disclosure Policy is important because, as a public company, Hilton is subject to legal requirements governing the timing and nature of what is communicated to the public. Failure to adhere to these requirements may have serious repercussions for the Company and individual Team Members.

Only Authorized Disclosure Spokespersons are permitted to speak to the public or other parties regarding **material non-public information** about the Company. The Disclosure Policy defines:

Who are the Authorized Disclosure Spokespersons; and

What kind of information constitutes material non-public information

Material non-public information includes a long list (provided in the Disclosure Policy) of possible types of information, including:

Projections of, or guidance regarding, future, unannounced financial performance of the Company, any business units, geographic regions, or individual hotels, including reaffirmation of any previously provided projections or guidance; or

Material developments or transactions, including inquiries or rumors about the status of discussions or the Company’s plans regarding any transaction; or

Legal or regulatory matters.

Until the Company makes appropriate public disclosure, no Team Member should comment on or substantively respond to inquiries or rumors regarding **material non-public information**.

Rather, the proper response to any such inquiry or rumor is to refer the inquiry to an Authorized Disclosure Spokesperson. **Statements of denial or to the effect that you are “unaware” of any information violate the Disclosure Policy.**

Certain Team Members are further subject to additional limitations and requirements under Regulation FD (Fair Disclosure) when speaking with members of the investment community or Company stockholders, all as further provided in the Disclosure Policy.

Strict adherence to the Disclosure Policy will help Hilton avoid all types of legal and regulatory issues, including violations of Regulation FD.

All Team Members must read the entire Disclosure Policy. In addition, you should also refer to the following related policies:

1. OBJECTIVE AND APPLICATION

1.1 Objective

The objective of this Disclosure Policy is to ensure that communications by or on behalf of the Company relating to material nonpublic information (referred to as “MNPI”) are:

1.2 CONSEQUENCES OF FAILURE TO COMPLY

All Team Members must read, understand and adhere to the requirements of this Disclosure Policy. Failure to do so may compromise our business and reputation, and trigger adverse legal and regulatory consequences. Violations of this Disclosure Policy may potentially lead to disciplinary action. Any questions on this Disclosure Policy should be directed to the Office of the General Counsel.

1.3 APPLIES TO ALL TEAM MEMBERS AND BOARD OF DIRECTORS

This Disclosure Policy applies to all “Team Members” (employees of the Company and the employees of all hotels and timeshare resorts owned, operated or managed by the Company whether or not they are employed by the Company), and all members of the Board of Directors of Hilton Worldwide Holdings Inc. (“Board Members”), unless otherwise specifically stated. This Disclosure Policy is the final source for these matters, and should be consulted above other policies and procedures.

2. AUTHORIZED DISCLOSURE SPOKESPERSONS AND “NO COMMENT” POLICY

2.1 AUTHORIZED DISCLOSURE SPOKESPERSONS

The persons occupying the following roles at the Company shall be the only persons authorized (the “Authorized Disclosure Spokespersons”) to speak on behalf of the Company regarding MNPI:

- The Chief Executive Officer
- The Chief Financial Officer
- Head of Investor Relations
- Head of Corporate Communications; and
- The General Counsel.

All other Team Members are authorized to communicate on behalf of the Company only on the limited subject matters and in the limited circumstances set forth in the Hilton External Communications Policy.

2.2 RESPONSE TO INQUIRIES AND RUMORS – “NO COMMENT” POLICY

The Company has generally adopted a “no comment” policy with respect to sensitive information, including MNPI. “No comment” should be used judiciously, and reserved for situations in which the Company wants to make absolutely clear the line of questioning is not one the Company intends to address and to discourage further inquiry.

Accordingly, Board Members and Team Members (other than the Authorized Disclosure Spokespersons) receiving any inquiries with respect to MNPI shall not respond to such inquiries other than to refer the questioner to Corporate Communications or an Authorized Disclosure Spokesperson.

NOTE: It is important for all Team Members and Board Members to recognize that a statement to the effect that they are “not aware of any information” or a denial that any development or transaction exists is inconsistent with the requirements of this Disclosure Policy. A denial or statement of absence of knowledge will undercut the ongoing effectiveness of the Company’s no comment policy, and if inaccurate, could result in liability as a false and misleading statement. The Hilton External Communications Policy contains additional tips on alternatives to using “no comment.”

2.3 ROUTINE INQUIRIES

The Company’s Investor Relations and Corporate Communications teams may respond to routine inquiries for publicly available information and disseminate information in a manner consistent with the guidelines established by an Authorized Disclosure Spokesperson.

3. MATERIAL AND NON-PUBLIC INFORMATION – DEFINITION AND MANNER OF DISCLOSURE

3.1 POLICY AND DEFINITIONS

Only Authorized Disclosure Spokespersons are permitted to communicate with the public, including the media, market professionals (e.g., securities analysts, institutional investors, investment advisers, brokers and dealers) and security holders regarding MNPI.

Material Non-public Information, or MNPI, is any and all material and non-public information of the Company. If there is any question as to whether a matter is MNPI, the question should be referred to the Office of the General Counsel before there is any communication regarding such matter.

3.1.1 MATERIAL INFORMATION

Information is “**material**” if it is likely that a reasonable investor would consider it important in making a decision to buy, sell, or hold a security or where it is likely to have a significant effect on the market price of the security. Both positive and negative information may be material. While it is not possible to compile an exhaustive list, information concerning any of the following items should be reviewed carefully to determine whether such information is material:

The Company’s key financial metrics and results, including, but not limited to, revenues, quarterly or annual results, EBITDA, adjusted EBITDA, RevPAR, occupancy, ADR, pipeline, and all GAAP equivalents, including net income and earnings per share;

Guidance on earnings estimates and changing or confirming such guidance on a later date, or other projections of future financial performance;

Significant mergers, acquisitions, dispositions, joint ventures, tender offers or other significant changes in assets of the Company;

Changes in management or the Board of Directors of the Company;

Incurrence, refinancing, cancellation or repayment of or any other significant transaction involving the Company’s corporate debt, including changes to any key debt terms, such as amounts, interest rates, and maturities, or any other change to the Company’s capital structure;

Development or launch of a new brand or a significant change in the strategic direction of an existing brand;

A Company decision to commence or terminate the payment of cash dividends;

Developments regarding customers or suppliers including the acquisition or loss of an important contract;

Any financing transactions out of the ordinary course;

Changes in compensation policy;

The establishment of a program to repurchase securities of the Company;

A stock split;

A default on outstanding debt of the Company or a bankruptcy filing;

Legal or regulatory matters;

Updates or changes to corporate governance practices;

Change in or dispute with the Company’s independent registered public accounting firm;

Financings and other events regarding the Company’s securities (e.g., defaults on securities, calls of securities for redemption, repurchase plans, stock splits, public or private sales of securities, changes in dividends and changes to the rights of security holders);

Significant write-offs;

Bankruptcy, corporate restructuring or receivership;

A conclusion by the Company or a notification from its independent auditor that any of the Company’s previously issued financial statements or auditor’s report regarding such financial statements should no longer be relied upon; or

Change in or dispute with the Company’s independent auditor.

NOTE: The list on the previous page is illustrative only and may not cover all types of information that could be deemed material. For the purpose of this Disclosure Policy, there is no singular, definitive standard for assessing materiality; rather, materiality is based on an assessment of all the facts and circumstances and is often evaluated by enforcement authorities with the benefit of hindsight. Team Members should resolve any question concerning materiality of particular information in favor of materiality.

If there is any question as to whether information is material, the matter should be referred to the Office of the General Counsel before any communication is made regarding such matter.

3.1.2 NON-PUBLIC INFORMATION

Information concerning the Company is considered **non-public** if it has not been disseminated in a manner making it available to investors and the public generally.

3.2. GIVING GUIDANCE – FORWARD-LOOKING INFORMATION

3.2.1 GUIDANCE

The Company may, on a quarterly or annual basis in conjunction with its quarterly or annual public announcement of earnings, provide guidance regarding the Company's expected future financial performance, including such key metrics of the Company's business ("Guidance") that the Board of Directors, the Chief Executive Officer or the Chief Financial Officer determines from time to time are appropriate for public disclosure.

3.2.2 MANNER OF PROVIDING GUIDANCE

Except as may otherwise be permitted from time to time by the Board of Directors, the Chief Executive Officer or the Chief Financial Officer, the Company generally will provide Guidance or updates of any previously issued Guidance, only in the manner described in Section 3.3.

3.3 MANNER OF DISCLOSURE OF MNPI

Any public disclosure of MNPI, Guidance, or other information permitted or required under this Disclosure Policy shall be made in any of the following manners, as determined in each case by the Authorized Disclosure Spokespersons:

A Current Report on Form 8-K (a "Form 8-K") with the SEC;

A public filing with the SEC other than a Form 8-K, such as a Quarterly Report on Form 10-Q or a proxy statement, as long as within the time frames provided under Section 4.3 of this Disclosure Policy;

A press release that is distributed in a manner reasonably designed to ensure wide dissemination;

An announcement made at a press conference or conference call, if the public is given adequate advance notice of the conference or call (which must include the information required under Section 4.4 of this Disclosure Policy) and the public is granted access to the conference or call, either by personal attendance, or telephonic or electronic transmission, such as webcasting of conference calls;

By any other means, which, after consultation with the Office of the General Counsel, is believed to provide broad, non-exclusionary distribution of the information to the public in a manner satisfying the requirements of Regulation FD and other applicable laws; or

Pursuant to a confidentiality agreement or by such other means which, after consultation with the Office of the General Counsel, is believed to be in compliance with Regulation FD and other applicable laws.

3.4 POSTING ON COMPANY WEBSITES

The Company should post MNPI on its website only if it has previously or simultaneously filed or furnished a Form 8-K with the information or otherwise disclosed the posting of the information or distributed the information, in each case, by another method described above in order to be considered “public disclosure.”

3.5 DISCLOSURE PROCEDURES

To the extent the Company makes any public disclosure through a Form 8-K or another Exchange Act form pursuant to this Disclosure Policy, such Form 8-K or other Exchange Act form shall be prepared and submitted to the SEC in accordance with the Company’s disclosure controls and procedures.

3.6 SAFE HARBOR

All public disclosures of forward-looking information, including Guidance, should invoke the safe harbor under the Private Securities Litigation Reform Act, which requires, among other things, that (i) oral forward-looking statements cite readily available written materials (such as SEC filings) that include meaningful cautionary statements and (ii) written forward-looking statements be accompanied by meaningful cautionary statements.

4. POLICY AND PROCEDURES FOR COMPLIANCE WITH REGULATION FD

This Disclosure Policy applies to all communications of MNPI about the Company. In addition, this Section 4 is designed to help the Company comply with Regulation FD under the Exchange Act, which generally requires fairness in the disclosure practices of companies that communicate with the investing community. As a result, this Section 4 applies only to a narrow subset of MNPI communications about the Company – communications by Authorized Disclosure Spokespersons or Board Members, executive officers or public relations officers or other persons with similar functions (each, an “Other Senior Official”) to members of the investment community and the Company’s stockholders.

4.1 SCOPE OF MATTERS AND PERSONS COVERED BY THIS SECTION

The objective of the Regulation FD (“Reg FD”) policy and procedures is:

To prevent the Company or a person acting on behalf of the Company from selectively disclosing MNPI about the Company to Reg FD Persons (as defined below); and

To ensure the timely public disclosure of MNPI about the Company that has been or will be disclosed by the Authorized Disclosure Spokespersons to Reg FD Persons.

4.1.1 REG FD PERSONS

“Reg FD Persons” include brokers, dealers, investment advisers and certain institutional investment managers as set forth in Regulation FD (and their associated persons, including analysts) and investment companies, including private investment funds such as hedge funds as set forth in Regulation FD (and their affiliated persons); and holders of the Company’s securities.

4.2. PROCEDURE FOR COMMUNICATIONS WITH REG FD PERSONS

4.2.1 AUTHORIZED DISCLOSURE SPOKESPERSONS ONLY

The only persons authorized to communicate MNPI concerning the Company to Reg FD Persons are the Authorized Disclosure Spokespersons.

4.2.2 ANALYST AND INVESTOR MEETINGS

Only the Authorized Disclosure Spokespersons may respond to inquiries from, or meet with, Reg FD Persons regarding MNPI. Although such interactions may serve a legitimate purpose by assisting Reg FD Persons in gaining a better understanding of the Company and providing investors with the opportunity to meet and assess management, the Company should not intentionally disclose any MNPI in any non-public interactions. Notwithstanding the above, nothing in this Disclosure Policy shall prohibit communications with Reg FD Persons that do not involve MNPI and are in the ordinary course of the Company’s business, as further described in Section 4.5 on page 9.

4.2.3 CONFERENCES

Authorized Disclosure Spokespersons may not disclose, directly or indirectly, MNPI in any manner to Reg FD Persons, including at investor, industry or analyst conferences, other than as set forth in Section 3.3 of this Disclosure Policy. Authorized Disclosure Spokespersons and other representatives of the Company may attend conferences sponsored by financial analysts, investors and others only (i) if they do not disclose MNPI or (ii) if presenting at a conference and intending to disclose MNPI, the Company issues advance notification of the conference and instructions to access the material and/or the webcast are made available to the public in accordance with one of the methods outlined in Section 3.3 of this Disclosure Policy. If MNPI is intentionally or unintentionally presented at a conference that is not simultaneously available to the public via webcast, public disclosure must be made in accordance with Sections 4.3 and 4.4 of this Disclosure Policy.

4.2.4 ANALYST REPORTS AND MODELS

All questions regarding analyst reports and earnings models should be directed to the head of Investor Relations. No feedback or guidance on analyst reports or earnings models should be communicated (orally or in writing) to an analyst. If an Authorized Disclosure Spokesperson wishes to review and discuss a published report with an analyst, he or she may discuss the report only to correct errors that can be corrected by referring to publicly available information, to correct any mathematical errors or to otherwise provide information that the Authorized Disclosure Spokesperson believes is clearly immaterial.

Copies of analyst reports should not be circulated outside the Company and its advisors or be made available through the Company's website or otherwise.

4.2.5 DUTY TO CONSULT

If an Authorized Disclosure Spokesperson is unsure of whether the information he or she wishes to disclose is MNPI, he or she must consult with the Office of the General Counsel and may only disclose such information if the Office of the General Counsel has pre-cleared the disclosure. The Authorized Disclosure Spokesperson must gain additional

pre-clearance for any other instances of disclosure of MNPI unless the information is disclosed in accordance with Section 4.4 of this Disclosure Policy.

4.2.6 INQUIRIES

Inquiries from Reg FD Persons received by any Board Member or Team Member (other than an Authorized Disclosure Spokesperson) must be forwarded to an Authorized Disclosure Spokesperson. Under no circumstances should any attempt be made to handle these inquiries without prior authorization from an Authorized Disclosure Spokesperson.

4.3. TIMING OF DISCLOSURE UNDER REG FD**4.3.1 DUTY TO DISCLOSE**

If an Authorized Disclosure Spokesperson makes any intentional disclosure of MNPI to a Reg FD Person, the Company must publicly disclose the information prior to or simultaneously with the selective disclosure, in the manner described in Section 4.4 below. A disclosure is “intentional” when the person making it either knows, or is reckless in not knowing, that the information he or she is communicating is both material and non-public.

4.3.2 UNINTENTIONAL DISCLOSURES

If an Authorized Disclosure Spokesperson or any Other Senior Official may have unintentionally disclosed to a Reg FD Person non-public information believed to be material, or if the Company becomes aware that any Reg FD Person has published information which appears to move the market after discussion with an Authorized Disclosure Spokesperson or Other Senior Official, the General Counsel or his or her designee should be notified immediately.

4.3.3 TIMING OF PUBLIC DISCLOSURE

If the General Counsel or his or her designee determines that an unintentional disclosure of MNPI to a Reg FD Person by an Authorized Disclosure Spokesperson has occurred (and other than on a confidential basis), the Company must make public disclosure of the information as soon as reasonably practicable after such determination, but in any event within 24 hours or, if later, prior to the commencement of the next day's trading on the New York Stock Exchange.

4.3.4 UNPLANNED TOPICS

An Authorized Disclosure Spokesperson should decline to answer questions on topics that he/she had not originally planned to cover when communicating with Reg FD Persons if he/she is not sure whether the information to be disclosed is material and non-public. If, in response to unexpected questions, an Authorized Disclosure Spokesperson provides MNPI to a Reg FD Person on a subject that the Authorized Disclosure Spokesperson had not originally planned to cover, the disclosure is considered “intentional” under the rules if the person making it knew, or was reckless in not knowing, that the information he/she was communicating was both material and non-public.

4.3.5 OPTIONAL DISCLOSURES

In the event of any intentional or unintentional selective disclosure of MNPI by an Authorized Disclosure Spokesperson or an Other Senior Official to persons other than a Reg FD Person, the Company should consider whether any public disclosure is necessary or appropriate.

4.4. MANNER OF DISCLOSURE UNDER REG FD**4.4.1 DEFAULT RULE**

For Reg FD purposes “public disclosure” must be made by one or more of the methods set forth in Section 3.3 of this Disclosure Policy.

4.4.2 REVIEW OF PRESS RELEASES

The Office of the General Counsel shall review all press releases concerning matters that may be material before they are distributed, particularly earnings releases and any releases involving forward-looking information.

4.4.3 NOTICE OF CONFERENCES AND CALLS

An adequate advance notice of a conference or call when disclosing MNPI must include the date, time, subject matter intended to be discussed and call-in information. In addition, it must indicate that a transcript or re-play of the conference or call will be available to the public after it has occurred via the Company’s website, and state for how long it will be available. To the extent practicable, public notice should be provided at least 48 hours ahead of the conference or call.

4.4.4 DISTRIBUTION TO PUBLIC

For purposes of this Disclosure Policy, a meeting, such as a stockholders’ meeting, that is open to the public, but not otherwise webcast or broadcast by any electronic means is not considered a method of disclosure “reasonably designed to provide broad, non-exclusionary distribution of the information to the public.” Additionally, the mere presence of the press at an otherwise non-public meeting with Reg FD Persons does not render the meeting public for purposes of public disclosure, as required under this Disclosure Policy.

4.5 OTHER COMMUNICATIONS NOT PROHIBITED BY REG FD

As noted above, while this Disclosure Policy is applicable to all communications of MNPI about the Company, the provisions of this Section 4 regarding Regulation FD apply only to a narrow subset of such communications. Section 4 (and thus Regulation FD compliance) does not apply to communications made:

By Team Members who are not Authorized Disclosure Spokespersons or Other Senior Officials;

By Team Members (even if they are also security holders of the Company);

To other persons who owe the Company a duty of trust or confidence, such as attorneys, investment bankers or accountants who are engaged by the Company;

To persons (including Reg FD Persons) who agree in writing to maintain the information in confidence;

To owners, guests, customers, suppliers or strategic partners who are not Reg FD Persons or the government; and

In connection with certain registered securities offerings, as provided under Regulation FD.

5. COMPLIANCE WITH ALL APPLICABLE LAWS

5.1 APPLICABLE LAWS

All public disclosures by the Company shall be made in compliance with this Disclosure Policy and all applicable laws, including without limitation Regulation FD, the antifraud provisions of Rule 10b-5 under the Exchange Act and Regulation G and Item 10(e) of Regulation S-K (concerning non-GAAP financial measures) to the extent then applicable to the Company.

5.2 STOCK EXCHANGE REQUIREMENTS

The Company shall comply with any applicable stock exchange rules, including with respect to providing advance notice of significant public announcements to such exchange. In addition, notwithstanding any provision of this Disclosure Policy, the Authorized Disclosure Spokespersons are authorized to make such disclosures as may be required to satisfy any applicable stock exchange rules and regulations.

5.3 INSIDER TRADING

All Team Members and Board Members are reminded that, in addition to the matters covered in this Disclosure Policy, Company policy and the federal securities laws prohibit (a) any Team Member or Board Member who is aware of MNPI concerning the Company from purchasing or selling securities of the Company, from recommending to another person that they do so, or from disclosing such information to any other person if such person may misuse that information, such as by purchasing or selling Company securities or tipping that information to others; and (b) any Team Member or Board Member who is aware of MNPI concerning another company which he or she learned in the course of his or her service to the Company from purchasing or selling securities of such other company, from recommending to another person that they do so, or from disclosing such information to any other person if such person may misuse that information, such as by purchasing or selling securities of such other company or tipping that information to others.

A copy of the Company's **Insider Trading Policy** will be distributed from time to time, and will be available on OnQ Insider or upon request from the Office of the General Counsel.

5.4 LABOR LAWS

To the extent required by applicable law, including without limitation the rules and regulations of the National Labor Relations Board, nothing in Section 2 shall be deemed to prohibit Team Members from engaging in activities protected by such laws.

5.5 FIDUCIARY DUTIES

Nothing in this Disclosure Policy shall be construed to prohibit or restrict any Board Member from acting in a manner required to satisfy his or her fiduciary duties.

6. GOVERNANCE

With respect to this Disclosure Policy, the Company shall implement appropriate controls and procedures from time to time to ensure compliance, including:

6.1 TRAINING

The Office of the General Counsel shall periodically provide adequate training regarding Regulation FD and this Disclosure Policy to the Authorized Disclosure Spokespersons, Other Senior Officials and other appropriate personnel.

6.2 DISSEMINATION OF INFORMATION WITHIN THE COMPANY

The Company should take reasonable steps to ensure that MNPI is disseminated only to the Authorized Disclosure Spokespersons, other senior executives and Board Members and those Team Members who need to know such information in the performance of their Company duties and who shall be so designated by the Company's Chief Executive Officer, the Chief Financial Officer or the General Counsel.

6.3 DISCLOSURE COMMITTEE

The Company has a Disclosure Committee, whose responsibilities are set forth in the Disclosure Committee Charter. The Disclosure Committee will ordinarily review in advance all SEC filings and press releases relating to the Company's operating results or financial position.

6.4 COMPANY WEBSITE

The Company should monitor and periodically update its corporate website so that information is accurate and not misleading. The Company also should monitor the websites of its brands to ensure consistency with the corporate website.

6.5 DELEGATIONS

Any Authorized Disclosure Spokesperson may delegate his or her authority to speak on behalf of the Company to other individuals; provided that the General Counsel has approved any such delegation. Any delegations of authority under this Disclosure Policy should be limited in duration and subject matter.

7. COMPANY COMMUNICATIONS NOT COVERED BY THIS POLICY

Ordinary course, routine business communications between the Company and/or Team Members and Board Members and outside parties regarding information not constituting MNPI and not otherwise confidential, may be undertaken subject to compliance with the guidelines set the **Hilton External Communications Policy**, the **Hilton Insider Trading Policy**, and the **Hilton Confidential Information and Trade Secrets Guidelines and Policy**. No Team Member or Board Member may post messages (whether through use of a Company-provided computer or otherwise) containing Company information to Internet chat rooms, message boards, social media websites, news groups or any other similar forums, except in the ordinary course of business consistent with the guidelines set forth in this Disclosure Policy, the **Hilton External Communications Policy**, the **Hilton Insider Trading Policy**, and the **Hilton Confidential Information and Trade Secrets Guidelines and Policy**.

8. VIOLATIONS OF THIS POLICY

Any violation of this Disclosure Policy by a Board Member or Team Member shall be brought to the attention of the Office of the General Counsel and may constitute grounds for disciplinary action, including termination.

RELATED DOCUMENTS, TOOLS AND TEMPLATES

DISCLOSURE INQUIRIES

No policy can address every situation that arises in day-to-day communications. All questions regarding the application of this Disclosure Policy, or the availability of exceptions to this Disclosure Policy, as well as all questions from third parties (including owners, developers and vendors) about material or non-public Company Information should be immediately referred to the Office of the General Counsel.

MEDIA INQUIRIES

All media inquiries should be referred to Corporate Communications.
