SOP NUMBER: SOP-OPSFIN-232

Tray Ledger Balancing

This Standard Operating Procedure relates to the balancing of the Tray Ledgers in the OnQ Property Management System.

APPLICABILITY

All Owned & Operated Hotels (including Shared Service Centers supporting these hotels) using OnQ Property Management System.

EXCLUSIONS/EXCEPTIONS

This SOP does not apply to Hotels that utilize a system other than OnQ as the Property Management System.

TRAY LEDGER BALANCING PROCEDURES

- 1) The end-of-day generated Detailed Receivables Recap needs to be balanced to the totals of the Room Balance, Group Master, House Account, Advance Deposit, and Accounts Receivable aging(s) totals nightly.
 - a) The Reconciliation Report (OnQ Report ID - OOOBALSUM) needs to be reviewed nightly and all exceptions managed or reported to the help desk as instructed.
 - b) Evidence of the nightly review must be retained.
- 2) The Guest Ledger and Advance Deposit Ledger should be reconciled to the General Ledger on a daily basis.
- 3) The Room Balance Summary Ledger should be reviewed on a daily basis to ensure that it only contains the balances for guests currently staying at the hotel. Also, the following should be verified:
 - a) High balances need to be investigated.
 - b) Extended stays must be closed out weekly, unless there is sufficient deposit received to cover the stay or other arrangement has been agreed by the hotel (written approval is required). The Advance Deposit Ledger must be reviewed on a daily basis to ensure that stale dated credits are refunded or credited to income timely.
- 4) The Group Master Balance Summary should be reviewed daily to confirm that accounts are checked out timely (within 5 days of checkout). Also, the following should be verified:
 - a) Accounts with extended gaps (10 days or more) between check-in and check-out dates are properly managed by the designated Accounts Receivable and Front Office Team Members.
 - b) High balances need to be investigated.
 - c) Credit balances for checked-out accounts are refunded or credited to income timely.
- 5) House Account Balance Reports should be reviewed daily to ensure that accounts are cleared timely. The purpose of each House Account needs to be clearly labeled and should only be used for promotions, gift certificates, etc.
- 6) On a monthly basis, the Finance Leader should review the detailed Advance Deposit, Guest and City Ledgers to ensure credit balances for checked out accounts or cancelled events are appropriately refunded or recorded as income.
