Hilton Honors F&B Offer – Discounts and Points Allocation

This Standard Operating Procedure provides guidance on the controls for discounts validation as well as posting and reconciliation of Hilton Honors points awarded from Hilton Honors Asia Pacific Tactical F&B Outlet Offer.

APPLICABILITY

Hotels on enrollment of Hilton Honors Asia Pacific Tactical F&B Outlet Offer program, except for GCM hotels.

For GCM hotels, please refer to SOP-OPSFIN-260APAC-GCM.

EXCLUSIONS/EXCEPTIONS

Exclusions or exceptions as might be circulated by Regional Leadership Team on ad-hoc basis.

Hilton Honors Discounts Validation, Points Posting & Reconciliation Process

- 1) During closeout of the bill/POS check, F&B Team Member should verify the guest's Hilton Honors membership before applying the applicable discount to the bill. Refer to Hilton Honors Asia Pacific Tactical F&B Outlet Offer Playbook for the discount rate applicable to each tier of Hilton Honors membership (Diamond, Gold, Silver and Member).
- 2) As there is risk of guests requesting for bill splitting to be entitled to multiple points credits, spot checks should be performed to ensure such bill splitting is not occurring at the outlets.
- 3) Daily, F&B Team prepare the summary report of Hilton Honors points to be posted and submit with the supporting POS bills to Finance for review.
- 4) Income Auditor (or any designated Finance TM) should review the summary report against the POS bills to verify that the discount rate given is correct, and the Hilton Honors points allocation is valid. The summary report should be signed off by Income Auditor as evidence of review and submit to Hotel designated TM (i.e., Front Office or F&B) for Hilton Honors points posting.
- 5) The designated Front Office/ F&B TM should then perform the Hilton Honors points posting in Tally based on the summary report reviewed by Finance. The Hilton Honors points posting should be completed within two weeks from the transaction date. Refer to Hilton Honors Asia Pacific Tactical F&B Outlet Offer Playbook for step-by-step-guidance on Hilton Honors points posting in Tally.
- 6) As a best practice, Front Office/ F&B Manager or designee should perform random checks on the Hilton Honors points postings in the Tally system against the summary report to verify the accuracy of the postings.
- 7) Upon completion of Hilton Honors points posting in Tally, Front Office/ F&B Manager or designee should sign off the summary report and return it to Finance.
- 8) Finance should perform review at month end to ensure accrual is made for the Hilton Honors points credits. As a best practice, this should be added into the standard accrual checklist.
- 9) Finance Team Member should reconcile the Honors Program Invoice Report (available at Lobby on around WD7 of the subsequent month) to the points posting summary reports before payment is processed. The list of items charged for this F&B offer could be obtained by filtering the bonus code in the invoice report (i.e. DINAPC, etc.).
- 10) Finance should submit monthly POS reports into the shared folder in Cloud by 5PM on the 2nd working day of the next month as per the guidance in Hilton Honors Asia Pacific Tactical F&B Outlet Offer Playbook.

Tally User Access

- 1) Tally access should be limited to only Team Members whose job function is to complete Hilton Honors postings.

- 2) Depending on the size of the property and number of form postings, the access should be limited to max 2-3 Team Members per department (Front Office, Sales/F&B and Finance).
- 3) Tally user access should be reviewed as part of the quarterly IT User Access Reports review.
- 4) Please refer to Hilton Honors brand page for a guidance on how to run the Tally user access report by this link [NEW ADMINS Request-Security Report.pdf\(hilton.com\)](#). Alternatively, you can access it through the Lobby (the Lobby > Brands > Hilton Honors > Program Overview > Loyalty Platform - Tally > Tally - Job Aids > New Admins Request Security Report).
